COLOR CRICKET KIT

Peak physical performance demands equal technology. The lightweight, seamless construction of our sublimated fabrics pulls excess sweat, while strategically placed mesh panels provide heat ventilation, delivering the perfect performance tee. Contrast knit paneling provides a look that highlights the athletic fit making you stand apart.

WORLD CLASS PRODUCTION - STERLING QUALITY

Our reputation is for the highest level of quality, service, compliance and value.

State of the art Japanese printing machines for optimum colour precision.

State of the art Italian fusing machines which ensures perfect colour clarity through heat transfer.

5-thread over-lock stitching technique to ensure maximum durability.

We are as particular about the finish of the garment from the inside as we are about the design from the outside.

We run multiple quality checks during the production cycle before dispatching the garments.

We have a wide range of fabric which we source from across the globe moving with latest trend. Fabric defines the garment and hence we ensure we only use the best.

OUR DESIGN STUDIO

Our dedicated design studio team forms the backbone for technology, design, creativity and problem-solving. We provide bespoke services to help you create your very unique design.

Be it background removal, logo editing, sharpness, colour contrast, fonts or any graphics matter you can rely on us to solve it for you.

Our experts provide ace advice and give you final 2D and 3D mocks for the most realistic look of your final product.
